Recorder John W. Earhardt is seeing that the law shall be enforced when the breakers reach him. At his court on Monday morning he sentenced W. B. Braswell to pay a fine of \$100 or serve 50 days at public work. Braswell was convicted of having in his possession whiskey which was not in his house or private room. So far as Recorder Earhardt has the power and authority, violators of the law will be held to a strict accountability for their misdeeds.

The reporter is under obligation to Mr. Nick Mitchell, of the firm of N. P. Mitchell and Brother, for a treat to ice cream. It is natural to speak well here of this cream, but others who tried it will bear us out that it was the finest sort of cream. It was ice cream with the emphasis both on the ice and the cream, because it retained its coldness to the end and was made of the pure cream of milk, more cream than milk. That's the way they say ice cream will be made this season by N. P. Mitchell & Bro. And they have a nice place in which to serve the same.

The unveiling of the monument on Sunday afternoon to the memory of Sovereign P. Brooks Hutcheson, in Rosemont cemetery, is said to have been a beautiful ceremony, very largely attended and successfully conducted. It was in charge of Newberry camp, No. 542, W. O. W., assisted by Maple camp, 437, and members of other camps in the county. Music by the band and Mrs. P. C. Gaillard, Miss Lizzie Salter, Mr. J. H. Wicker and Mr. R. E. Allen. There was an address by Mr. J. B. O'N. Holloway and a recitation by Miss Woodward. Those who were fortunately near enough to hear say it was all good.

The doll baby marriage was performed, in accordance with announcement, at Mayes' book and variety store, on Friday. John B. claims that the officiating minister was an Episcopalian. The doll bride and groom were rigged up in style, looking handsome, and appeared to be happy, so far as looks were concerned. It was one of those quiet weddings you read about. The silent quietness, however, was confined to the immediate group, as there were many ladies witnessing the brilliant scene. The small ring girl, the organist and all made a pretty picture in the cozy little room. Mendelssohn's wedding march, Tipperary and other popular pieces were played. The presents were many and beautiful.

THE J. O. U. A. M. AT MOLLOHON MILL.

The Junior Order of United American Mechanics presented the school at Mollohon Mill with a large American flag and a Bible last Saturday afternoon. Those who were present say that it was an inspiring exercise.

The parade consisted of the Newberry band, a long column of school children, followed by the Juniors. The procession was led by Mr. I. H. Hunt, a leading Junior, to the school house, where a magnificent program was rendered.

Mr. Hunt, after a short address of welcome, introduced Mr. W. P. Thomason, Jr., of Laurens, S. C., State counsellor, who spoke to the large audience in the grove of the school house. His speech was an explanation of the purposes and principles of the Junior Order of United American Mechanics. He was followed by Mr. C. B. Webb, of Statesville, N. C., the national vice chancellor.

They explained that the cardinal principles of the organization are virtue, liberty, patriotism; that it stands for the church, the school, the home; for the Bible, the public school system, the American flag and restricted immigration.

The speeches were both good sermons; the advice given was Christian and American. All were told to attend and to support the churches and the Sunday schools, to stand by the public schools as one of the great bulwarks for making citizenship for the republic, and to make a happy home and defend it, to stand by the flag and the principles of such institutions as may attack any of our free rights, and to oppose the influx of the thousands of ignorant, irresponsible persons from foreign lands who do not come here to build permanently and to live in accord with our principles.

Mr. Webb said that 85 per cent of those who were admitted last year denounce our Bible as false, and he showed that thousands who get in under our present loose immigration laws are not in harmony with our government—many being anarchists. The addresses were brim full of pertinent information.

In response to the addresses Supt. Ernest Anderson in a brief speech thanked the order in behalf of the American public school system, extended greetings and good cheer to the Juniors in their patriotic work. He said that if there is anything bad in the order it must be in their secrets. Prof. J. B. O'N. Holloway followed in stirring words of heartiest approval stating that for five days in the week he is trying to instill the very same principles as advocated by these speakers.

Then Miss Anna Dickert in a few appropriate remarks accepted the flag and Bible in behalf of her school.

After this refreshments were served to all by the Juniors. The flag is a large one, waving from a steel pole 50 feet high, in front of the school house. The value of the gifts is about \$50. It was stated that more than a thousand schools in North Carolina have received this gift of a flag and Bible from the J. O. U. A. M.

The order originated in Germantown Pa., where a school boy who formed a band of his fellows to demand that the Bible be not taken out of their school was killed by an opposing band of Hibernians.

Another Account.

A most beautiful and impressive ceremony was that of the flag-raising exercise held at the Mollohon Mill school by the Junior Order of American Mechanics, on Saturday afternoon at 4:30 o'clock, at which time the procession left the hall for the school building.

The procession consisted of the school children, the young ladies of the village and the order, preceded by the West End band, who furnished the music for the occasion.

The exercises were opened by an appropriate prayer by Rev. W. R. Bouknight, followed by music by the band, after which the audience was addressed by the State counsellor, W. P. Thomason, of Laurens, who set forth in a beautiful manner the principles of the order—virtue, liberty and patriotism.

The national counsellor, C. B. Webb, of Statesville, N. C., spoke very interestingly and forcefully of the order, at the conclusion of which he presented the flag and a Bible to the school.

The blood of every American citizen was made to tingle with patriotism as the flag was being hoisted by the school children. Edna Stilwell, Ella Mae Longshore, Edna Mitchell and Nathan Culclosures while the band played "The Star Spangled Banner" and was made to wave "over the land of the free and the home of the brave."

Following this, short talks of much feeling were made on patriotism and the significance of the occasion by Prof. Ernest Anderson and Prof. J. B. O'N. Holloway. The appreciation of the trustees, community and school was expressed by the principal, Miss Anna L. Dickert, for the valuable gifts, together with the interest and
